Sacred CosmoGram

Instruction for 13 vibrational healing tools
by Alexandra Luppold

Book Review by Barbara Hand Clow

“How can I use words to express art that bypasses my mind? Only by expressing how the CosmGrams make me feel. Contemplating them, my body vibrates so fast that I can't think for sure! I feel they are the same as the 10th Dimension in my Pleiadian dimensional system, which is the dimension that contains the first nine dimensions. The 10th dimension is the “Heart of the Heavens” in Maya cosmology, thus Alexandra tells us the CosmoGrams are transmissions of love.The CosmoGrams will help us clear our own pain to become beings of pure love.”
